About Golden Week

By: Chiyuki Saito

One day, my friend and I went to the Flower Festival. We wanted to see Mickey and Minnie. They came here because it's their park's 35th anniversary year. There were lots of people along the street. Luckily, we could see them from a good position. Can't wait to go to the park in the fall! Then I bought Hashimaki. When I think of festival food, I think of Hashimaki. And I went to a bookstore to buy a book for Eiken for my friend.

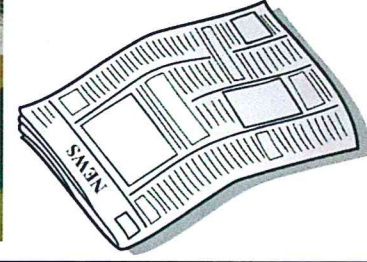

We studied a while.

The other day, I went to Bihoku Hillside Park with my family. I wanted to see

many flowers, but there were not so many flowers. I was a little bit sad. However, I could still enjoy it there. We ate lunch in a huge park. If I were a child, I would have wanted to play there. It's because there was such a nice castle. Before we went back to our car, my father bought a cherry tree there.

These days were fun for me. I'll study even harder. I'm looking forward to the next events to be held in this school.

~How to get a Higher Score~

By: Remika Komatsu

"Please write some advice for students who want to get a higher score." When Kelsey asked it to me, I was puzzled. Everyone had to overcome the big test; called the "entrance exam," and are reading this now! So I will write my thoughts simply:

1. You should join ESS to be good at English.
2. You should join Science Club to be good at science and math. :P

Let's stop joking and I'll tell you *really* how to get a higher score. It's so simple:

- Do your homework. (You should do on your ability.)
- Ask many things to your teacher.

I think we need only these things. We don't know how many points we need. For now, let's do our best!

Sports

Dragonflies,

Two Successive Victories

By: Takuma Miyake

On April 28th and 29th, the Hiroshima Dragonflies had games with the Kanazawa Kishidan in the Hiroshima Sun Plaza Hall. The hall was filled with fanatic fans. The first game was really hot. Scoreboard showed 78-78 in the end of the 4th quarter. That meant the game began a dead heat. The dragonflies won with 92 to 90. In the second game, Tanaka, a shooting guard, made five of six 3-point-shots. The dragonflies won with 90 to 86.

They made the series of victories.

Movie Review

Corpse

Bride

By: Ayuna Fujii

Corpse Bride is an American movie. In 2005, it got the National Board of Review Award. In this movie, Johnny Depp, Helena Bonham Carter, Emily Watson, and such famous actors speak the parts of the characters.

Story
This movie's setting is in a European small village in the 19th century. The man called Victor and the woman called Victoria will be married. But Victor made big mistakes at the wedding rehearsal. So, the wedding was put off. Then Victor was practicing for the wedding in the forest. In the forest, he proposed to the dead by mistake. And he was taken to the world of the dead.

This movie is so interesting. If you have time, please watch Corpse Bride.

About School

By: Sakura Mitani

I will talk about the ESS today. It was joined by a lot of new members. I was surprised! Because, I thought the they would not join. The boys especially can speak English. They are so fluent. The boys have an individual character. I saw that the new girl members were confused by them. (I just thought.) I thought, The English Club became busy.

ESS is so happy.

Please join, folks!

Interview

MEET NEW TEACHERS

By: Remika Komatsu

Mr. Onishi (math, 3-1 sub-homeroom teacher)

Q1. When is your birthday?

A1. My birthday is St. Valentine's Day.

Q.2 What number do you like?

A.2 I like π (3.1415...) the most.

Q.3 Why do you like " π "?

A.3 " π " is a symbol of circles and spheres.

Almost all things are like circles and spheres. For example, the Earth, our faces,...

In fact, March 14th is "the day of Mathematics"

because, $\pi = 3.14$
